Municipality
Generator Interconnection Application -Short Form
Page 1

An applicant (Generator Owner) makes application to the below mentioned Municipality to install and operate a generating facility interconnected with the Municipal's utility system.

Section 1. Applicant Information

Name: Newark Housing Redevelopment, LLC

Mailing Address: 5 Powell Ave.

City: Collingswood State: NJ Zip Code: 08108

Facility Location (if different from above): 203 Terrace Drive, Newark DE -- Apartment Building

Telephone (Daytime): Area Code 856 Number 662-1730x121 (Evening) Area Code 856 Number 912-4167

Municipality City of Newark Power Account No.: 035-00032812-00

Energy Service Provider Name: _____ Account No.: _____

Section 2. Generator Technical Information

Is Generator powered from a Renewable NEM Qualifying Energy Source: [X] Yes [ ] No

Type NEM Qualifying Energy Source (if applicable): [X] Solar [ ] Wind [ ] Hydro

Generator (or solar collector) Manufacturer, Model Name & Number: REC 255 Watt

QTY 18 Output Power Rating in kW: 4.59kw

Inverter Manufacturer, Model Name & Number (if used): Enphase M215 QTY 18

Rating in kW: .25kw each or 4.5kw

Will a generator disconnect device, accessible to the Municipality be installed?: [X] Yes [ ] No

If the Generator Owner elects not to install a manual disconnect device accessible to the Municipality, the Generator Owner assumes all risks and consequences when a service meter must be "pulled" to disconnect the generator thereby also interrupting all utility electric service to the Customer site.

Section 3. Generator/Equipment Certification

Generating systems that use utilize inverter technology must be compliant with *IEEE 929* and *Underwriters Lab. UL 1741*. Generating systems that use a rotating machine must be compliant with the Municipality's Power Delivery's Technical Considerations Covering Parallel Operations of Customer Owned Generation. **By signing below, the Applicant certifies that the installed generating equipment meets the appropriate preceding requirement(s) and can supply documentation that confirms compliance.**

Signed (Applicant): _____ Date: 12/12/14

Section 4. Initial Generator/Equipment Installment Approval

The electric department grants initial approval for stated installment above. Final approval shall be subject to adherence of applicable regulations and requirements.

Signed (Municipal Utility) _____ Date: 12/12/14

Print name: SAM SWEERINGER

(Please return this original page 1 to the Energy Office to continue project review and processing.)

Section 5, Installation Details

Generating System will be installed by: [ ] Owner [X] State Licensed Electrician

Installing Electrician: Larry Goble Firm: Larry Goble Electric License No.: M855

Mailing Address: 22608 Bethel Road

City: Millsboro State: DE Zip Code: 19966

Telephone: Area Code: 302 Number: 228-7213

Installation Date: _____ Interconnection Date: _____

Supply certification that the generating system has been installed and inspected in compliance with the local Building/Electrical code of the municipality of Newark.

Signed (Inspector): _____ Date: _____
(In lieu of signature of Inspector, a copy of the final inspection certificate may be attached)

Section 6, Applicant Signature

I hereby certify that, to the best of my knowledge, all the information provided in the Interconnection Application is true and correct. I also agree to install a Warning Label provided by the Municipality on or near my service meter location.

Signature of Applicant: _____ Date: 12/12/14

Call your municipal electric service to find out who should receive this Interconnection agreement.

Sections Below for Municipal Use Only

Section 7, Final Approval or Non-Approval

Municipal Delivery: [✓] Has Approved [ ] Has Not Approved this Interconnection Application.

Name: Sam Swearingen Date: 1/4/16

Signature: _____

Reason of Not Approving: _____

Approval to connect to the Company system indicates only that the minimum requirements for a safe proper interconnection have been satisfied. Such approval does not imply that the Generator Owner's facility meets all federal, state and local standards or regulations.

Section 8, Internal Notifications

Send Applicant Warning Label for installing on/ near service meter: [✓] Yes
Notify Billing Dept. of Interconnected Generation: [✓] Yes
Notify District Engineering of Interconnected Generation: [✓] Yes
Notify System Protection of Interconnected Generation: [✓] Yes
